

March 27, 2018

To the WBYC Nominating Committee,

I would like to write a letter on behalf of the Cardeiro Family. I have known the Cardeiro family for quite a while through Matt Fronius.

Todd and Amanda Cardeiro both were born and raised here on the Cape. Todd in Mashpee and Amanda in Barnstable. Todd spent his time growing up spending summers on Waquoit Bay clamming, blue crabbing and going to Washburn which they still do today. Amanda spent her childhood in sailing programs in Barnstable Harbor.

It has come to my attention that they would like to be a part of the yacht club and I believe that they would make excellent members. They have two children Hailey (13) and Tyler (10) who they would like to get into the sailing program and enjoy the benefits of the yacht club.

Todd is an active member of the Falmouth Rod and Gun Club and brings an expertise in the hospitality field which would be an asset for club functions. I have also been to many functions that Amanda has led the way with activities for the children along with running raffle tables.

As you can see the Cardeiro family is exactly what I feel the club needs to continue to grow and their resume proves they will be active members not only with helping around the club but also by getting their kids involved with the programs that we offer.

I want to thank you for your consideration for the Cardeiro Family and we all hope to see them at the club as members for the 2018 season.

Nason Swain
