From: Will Ostrom

This a letter of recommendation for **Rob Meiggs** to be considered a new member of the WBYC. Rob is a customer of mine and through that relationship I think he would be a good applicant as he is willing and able to assist around the club, having a solid background in marine construction. Through discussions with him I can tell he has been around the water most of his life for work and play. Personality wise he seems to be a joiner and would be asset as a member to our club.

Thanks for your for this consideration.

Will Ostrom
