

WBYC Steward

Steven Watson

Hello WBYC, my name is Steven Watson (aka Steve, Watty, Coach, or Mr. Watson [winter only]). I'm thrilled to be joining the WBYC staff as the Steward. I was born and raised in Falmouth and know many of its hidden secrets. After college I went to work in Boston as a research scientist and gradually made my way into the family business of education. I currently teach engineering in Sandwich and my wife (Jeanine) and I live in Falmouth. I also coach sailing at Sandwich High School and have been seen on the sidelines of both soccer and basketball games.

When I'm not working you will find me at the beach, out on the water fishing or exploring the surrounding area. Fun facts: I'm 6'8", and a horrible dancer..
